FINANCIAL LITERACY BUDGETING EXERCISE OFFERED

Recently in June your credit union held a financial reality fair, produced by the CU4Reality group, for over 30 high school aged students that were taking part in the Upward Bound program. What is a reality fair? It's a hands-on experience in which students identify their career choice and starting salaries then complete a budget sheet requiring them to live within their monthly salary while paying for basics such as housing, utilities, transportation, clothing, and food. Additional expenditures such as entertainment and travel are factored in as well. Throughout the fair, there are many temptations for additional spending, and students must learn to balance their wants and needs to live on their own. After the students have visited the various stations covering components of independent living, students balance their budget, and then can sit down with a financial counselor for review. Other fairs held in recent months include surrounding high schools and the entire HSU Freshman Seminar classes.

The new 2018 HSU Freshman class will be participating in a fair on September 12 and 13th. **VOLUNTEERS NEEDED**, no experience necessary except be prepared to have great time! Contact Sharon to schedule your hour to serve, 870-230-5279.

It Only Takes \$1

Giving back to the community is extra special when it involves giving to the Arkansas Children's Hospital. Our credit union is participating year round by offering the opportunity for members to donate to this worthwhile program. All credit union member money donated stays at our Little Rock ACH. Lets help miracles happen by donating our share!
